Xiaotian Wu

Curriculum Vitae

Employment

2026 - Now **Institute for Theoretical Sciences**, *Westlake University*.
Postdoc Researcher, advised by Xujia Wang

Education

2021 - 2026 **Ph.D. in Mathematics**, *Zhejiang University*.
Advisor: Qi-Rui Li

2017 - 2021 **B.S. in Mathematics**, *Shandong University*.

Research Interests

Partial Differential Equations, Differential Geometry, Geometric Measure Theory

Publications and preprints

1. Optimal transport to non-convex polyhedral domains, **preprint** (2026), 31pp. arXiv:2610.18756
2. A singular profile for the relativistic heat cost and the special Lagrangian curvature equation, **submitted** (2026), 16pp. arXiv:2607.26970
3. Optimal transports on the spherical domains with boundary and their applications (with Qi-Rui Li), **submitted** (2025), 69pp.
4. On Aleksandrov type problem for unbounded c-convex polyhedra (with Qi-Rui Li). **Discrete Contin. Dyn. Syst.** 54 (2026), 298-312. Journal

Teaching

Fall 2023 **Teaching Assistant**, *Partial Differential Equations*, Zhejiang University.
Spring 2023 **Teaching Assistant**, *Riemannian Geometry*, Zhejiang University.
Spring 2022 **Teaching Assistant**, *Riemannian Geometry*, Zhejiang University.

Talks

Dec. 2025 **Workshop on Elliptic PDEs**, Shanghai, 40min.
Nov. 2025 **The 3rd Doctoral Forum in Mathematics**, Beijing, 30min.
Dec. 2024 **Tianyuan Workshop on Geometric PDEs**, Kunming, 30min.

Institute for Theoretical Sciences, Westlake University
